Epson **TM-T86FII**

DATASHEET

This easy-to-use printer meets the needs of fiscally-regulated organisations by offering compatibility with pre-printed thermal paper with black marks.

Serve customers quickly
A fast print speed of 220mm/sec helps you serve customers quickly by enabling batch printing, while graphic printing helps you make an impression by displaying your company logo or latest special offers.

User-friendly
Straightforward to use, the TM-T86FII features an autocutter, and a black mark sensor to detect the correct place to print or cut pre-printed thermal paper. Changing a receipt roll takes just seconds thanks to drop-in paper loading.

Simple to install
The TM-T86FII is easy to integrate into your existing infrastructure, as it has built-in USB and serial/parallel interfaces, plus an ESC/POS-based command protocol, and is compatible with Windows® for maximum flexibility.

Save money
ENERGY STAR-qualified power efficiency helps users reduce energy bills and environmental impact.
